ARAVINTH SIVASENTHIL

Peterborough, ON | 647-400-7582 | aravinthsivasenthil@gmail.com | LinkedIn

PROFILE

Third-year Computer Science student developing full-stack applications with React, TypeScript, Node.js, Python, and MongoDB. Built an AI-assisted test log analyzer with an Express REST API, OpenAI SDK integration, and automated tests. Interested in AI software systems, developer tools, and engineering automation.

EDUCATION

Trent University | B.Sc. in Computer Science **Sep 2024 - Present**

Peterborough, ON | Third-year student

Relevant coursework: Data Structures, Discrete Mathematics

Additional learning: SQL & Database Concepts (in progress): SQL queries, ER diagrams, relational algebra

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, Java, C#, SQL (in progress)

Web & APIs: React, Node.js, Express, REST APIs, HTML, CSS, Vite, OpenAI SDK

Databases & tools: MongoDB Atlas, schema design, ER diagrams, Vercel, Render, unit testing

PROJECTS

AI Test Log Analyzer | Full-Stack AI Web App **Completed**

React, TypeScript, Node.js, Express, OpenAI API

- Used an AI coding agent to help build a React/TypeScript frontend and Node.js/Express REST API that reports exact PASS, FAIL, and WARN counts from simulated engineering logs.
- Integrated the OpenAI SDK to generate issue summaries and possible troubleshooting steps, with prompts that distinguish potential causes from confirmed results.
- Added input validation, error handling, and a clearly labeled no-key demo mode; verified counting logic with 3 passing unit tests.

Academic Optimizer | Full-Stack Web App **In development**

TypeScript, Python, MongoDB Atlas, Vercel, Render

- Built an application for course records, deadlines, and multi-semester GPA tracking; designed MongoDB schemas for course and grade data.
- Implemented weighted-grade calculations and academic trend projections; currently debugging application and deployment issues.

WORK EXPERIENCE

Student Summer Worker | Smurfit Westrock **Apr 2025 - Aug 2025**

Ajax, ON

- Supported high-volume production under quality and process requirements, adapting to feedback and shifting priorities.

Coach's Assistant | West Hill Baseball **Jun 2024 - Aug 2024**

Port Union, Scarborough, ON | On-call

- Coordinated youth-program activities and communicated with families and teammates to resolve on-site issues.
